John H. Jackson Moot Court Competition The Rules

Preface

The World Trade Organization (WTO) is the only global international organisation dealing with the rules of trade between nations. At its heart are the WTO Agreements, negotiated and signed by the majority of the world's trading nations and ratified by their parliaments. The WTO Agreements cover nearly 98 % of all global trade. The goal of the WTO is to develop trade rules in order to help Members' producers of goods and services, exporters, and importers conduct their business in a facilitated way.

The European Law Students' Association (ELSA) is the world's largest independent, non-profit, non-political association run by and for law students and young lawyers. The ELSA Vision is: "A just world in which there is respect for human dignity and cultural diversity." Contributing to legal education and promoting Human Rights awareness are among the central aims of the association. Through various academically focused projects and events, ELSA provides opportunities for law students and young lawyers to apply theory in practice and to learn about other legal systems. The John H. Jackson Moot Court Competition is the annually held international moot court competition in WTO law owned by ELSA.

In view of these goals, ELSA International seeks to combine its role in on-going action to contribute to Clinical Legal Education globally and the need to support and enhance the development of trade between nations. That is why since 2001, ELSA annually organises the John H. Jackson Moot Court Competition (formerly known as the ELSA Moot Court Competition on WTO Law). This Competition seeks to educate law students from all over the world to develop their legal and oral presentation skills and to educate the new generation of lawyers in the field international trade law. This event brings together the brightest students from four corners of the world, WTO experts from legal academia, the WTO Secretariat and international trade law practitioners.

The International Board of ELSA has set out the following John H. Jackson Moot Court Competition Rules:

B. Organisers and Participants

1. The Panel

- 1.1. The Competition relies on international trade law experts appointed by the International Board of ELSA upon selection by the Academic Board to score the written submissions and the oral pleadings. These individuals are referred to as panellists.
- 1.2. In selecting panellists, for both the written submissions and oral pleadings the International Board of ELSA and the Academic Board will bear in mind the desire to have diversity based on gender, race, and national origin. In composing panels for the oral pleadings, the International Board of ELSA will work to ensure a diverse panel composition.
- 1.3. Panellists will examine and score the WS according to certain scoring and marking guidelines. The scores of the panellists will be averaged to determine the total score for the WS.
- 1.4. For the Oral Pleadings, the panel shall always have an odd number of persons sitting on it as follows:
 - (1) Preliminary Rounds three (3) panellists
 - (2) Quarter Final Rounds three (3) panellists
 - (3) Semi-Finals
 - i. Regional Round: three (3) or five (5) panellists
 - ii. Final Oral Round: five (5) to seven (7) panellists
 - (4) Grand Final
 - iii. Regional Round: five (5) to seven (7) panellists
 - iv. Final Oral Round: seven (7) to (9) panellists.
- 1.5. The panel shall pose questions to the teams at any time during the pleading.
- 1.6. Panellists' obligations:
 - (1) The panellists shall not provide support or advice of any kind to any participating team or any coach before, during or after the Competition

commences, and shall disclose the existence of a conflict of interest with any of the teams. Teams receiving support or advice from a panellist will be disqualified.

- (2) Panellists must keep the contents of the bench memorandum strictly confidential and not share any aspects of it in any form with teams and coaches throughout the Competition.
- (3) Panellists shall not score a written submission if it has become apparent to them which team they are scoring. If a team has identified itself in its written submission or a panellist knows the team number of a particular team, they shall inform the International Board of ELSA immediately and cease to score the submission.
- (4) Panellists shall not participate in an oral pleading where it is considered they have a conflict of interest. This may mean that a panellist will not be permitted to judge a specific RR or at the FOR, if the team that gave rise to the conflict is competing.

1.7. A “Conflict of Interest” means an affiliation which would, in the eyes of a reasonable observer, create an inference that the affiliated panellist would be unable to be impartial as to the conduct or result of the Oral Round. Affiliation means a personal or professional relationship between a panellist and a school, coach, or Team member that is participating in the Competition in which the panellist is participating.

1.8. Conflict of Interest DOES NOT arise when:

- (1) the panellist knows one or both coaches, either because of professional or personal affiliation, prior participation in moot court Competitions, or other reasons;
- (2) the panellist is an alumnus of one of the schools participating in the Oral Round;
- (3) the panellist is an employee of one of the schools participating in the Oral Round where such employment is sufficiently remote from the activities of the Team as to dispel any reasonable suspicion of partiality;
- (4) the panellist is from the same country as a team that he/she is scoring.

2. Timekeepers

2.1 Timekeepers are responsible for recording the time allocations notified by the Teams, and any extensions awarded by the panel Chair. Timekeepers will notify the time remaining for every individual orator, including extension times, both to the panel and to the two Teams.

3. Team Composition

- 3.1 To take part in the Competition, a team must be composed of law students attending a university or law faculty located in a Member State of ELSA or a current or acceding Members or observers to the WTO. If the university has a campus in another country, the team representing the university is allowed to enter as well. If a university has more than one law faculties, each faculty may be represented by a team.
- 3.2 There shall only be one (1) team per university or law faculty, because the team will be representing it. If different independent universities are located in the same city, each may send a separate team. However, all team members must be from the same university or law faculty. If more than one team per university or law faculty will register, the university or law faculty shall select the participating team.
- 3.3 Only students from a university or law faculty awarding a law degree, not a doctoral program, are allowed to participate.
- 3.4 Each Team is allowed to register only two (2) coaches. Two teams cannot share a coach
- 3.5 The team shall consist of 2 to 4 law students. Students being on exchange in another country are eligible to participate as part of their foreign university.
- 3.6 The teams shall submit their team composition via the registration form.
- 3.7 Although the students must do all the research for the written submissions themselves; without assistance from anyone who is not a student member of the team; faculty, advisors, and coaches may help identify the issues, comment on the persuasiveness of the arguments the students have made in drafts and, when necessary, suggest other arguments the students might consider employing, as well as assist in linguistic matters. However, the final

product must be the students', not the coaches'. Teams not obeying this rule will be disqualified.

3.8 Registered Team Members from one Team are permitted to engage in practice moots amongst themselves and within their own institutions. Any assistance given in this phase shall also be limited to a general discussion of the issues, linguistic help and training in presentation skills.

3.9 The following students will be excluded or disqualified:

- (1) The student is involved in the current organisation of the John H. Jackson Moot Court Competition;
- (2) The student has previously participated in the John H. Jackson Moot Court Competition, unless the team was kept from participating because of external circumstances, such as force majeure or visa issues, or the student was a member of a registered team which withdrew or was disqualified from a previous edition with the exception of teams and team members which were caught cheating;
- (3) The student was a member of a registered team and the team withdraws or was disqualified;
- (4) The student is not enrolled in a law degree in the university;
- (5) Students who have been/are engaged in the practice of law. The practice of law implies a significant amount of professional activity in functions such as judge, law professor or teacher, advocate lawyer, attorney, barrister, solicitor, notary, bailiff, or corporate legal officer. Practice of law entails activities such as pleadings before domestic or international courts, arbitral tribunals or other dispute resolution institutions, including those with a mediation or conciliation function.
- (6) One, but not the sole indication of activities relevant for this rule is that the activity at issue is normally undertaken only by admitted legal practitioners, even if it can technically also be performed by non-admitted legal practitioners.
- (7) Student employment during holiday periods or as part of the academic programme that is typically undertaken by law students (such as

internships of duration in law firms and other legal institutions or legal assistance clinics run by law schools or volunteer work) shall normally not be regarded as having been or engaging in the practice of law. However, teams should consult the International Board of ELSA representative in case of any doubts, particularly in cases of professional activities outside of holiday periods, to avoid subsequent disqualification.

- 3.10 A student who would be excluded or disqualified because of any of the criteria above, is not subject to such exclusion or disqualification if the situation arises after the commencement of Rounds.
- 3.11 Students or team coaches/administrators may apply for an exemption from the aforementioned rules by email to the International Board of ELSA and the Academic Board before the stated registration deadline. Team Members, and Team Coaches are prohibited from engaging in communication with a panellist or individual members of the Academic Board on such requests.

6.3 Each team is granted a total forty-five (45) minutes, during which time they present their main oral pleading and address the questions asked by the panel. The Team Appearance is not included in this time and shall be done at the beginning of each pleading session by teams following the instructions of the panel chair. If all the extended time is used up, Respondent orators are not entitled to any other extensions.
- 6.7 No extensions are permitted during rebuttal or sur-rebuttal.
- 6.8 A minimum of two (2) and a maximum of three (3) team members shall present the main oral pleading. Each Orator must at least speak seven (7) minutes during the main OP. 6.14 The teams will be ranked according to the total score of their OP (60 %) and their WS (40 %) in the Preliminary Rounds. In case of a tie in the ranking, the team with the higher WS score will advance to the elimination rounds (Quarter Finals or Semi-Finals as applicable). In case of a tie in an elimination round, the team that was ranked higher by a majority of the panellists will advance.

6.15 The role of the teams in the Preliminary Rounds and in the Elimination Rounds will be determined randomly. If the teams have pleaded against each other before, they will plead for the opposite party.
